- 1) A visual field of 60 degrees or less extending over one or more quadrants of the visual field;
2) Presence or history of retinal detachment or retinal tear unless treated by an ophthalmologist and then approved by an ophthalmologist specified by the commission who then assesses that the unarmed combatant is at no significant risk of further injury to the retina if boxing is resumed;
3) Presence of primary or secondary glaucoma, whether or not such condition has been treated;
4) Presence of aphakia, pseudophakia, dislocated lens or cataract in either eye;
5) Any other visual condition which the commission determines would prevent the applicant or licensee from safely engaging in unarmed combat.
