

Dear Promoters,

Please see our regulation 467.414 below in regards to ambulances and make sure you have ordered an ambulance to be at the venue at least 30 minutes before your first fight. There has been some confusion recently with ambulances ordered for spectators versus unarmed combatants. There must be an ambulance dedicated to the unarmed combatants at every event. You should schedule the ambulance at least two weeks in advance.

Thank you for your attention to this matter.

Regards,
Bob Bennett, Executive Director
Nevada Athletic Commission
