

STATE OF NEVADA  
DEPARTMENT OF BUSINESS AND INDUSTRY  
ATHLETIC COMMISSION

MMA GLOVE APPROVAL POLICY

The Nevada State Athletic Commission (NSAC) requires that any glove manufacturer that intends to seek approval for use of a specific **model of glove** in the State of Nevada for a professional contest of unarmed combat must meet the following requirements:

1. Letter from a promoter and/or fighter requesting the use of the specific **model of glove** on an upcoming event scheduled in the State of Nevada.
2. Glove Documentation
  - a. Product life cycle
  - b. Warnings
  - c. Warranties
  - d. All testing information that the manufacturer has done
  - e. Any and all information about the manufacturer and the gloves that you would like us to consider
3. Glove finger leather ends should have piping ends.
4. Tech Pack (Glove Specs) including but not limited to pictures, dimensions and weights of all materials used in the glove.
5. Sample swatch of all materials used in the glove.
6. 1 pair each of extra small and double extra-large gloves, with proper labels (size of glove, warning labels, product life cycle label). Please note if the gloves submitted do not weigh within two-tenths of an ounce of the specific weight, the approval process will cease.
7. Copy of current business license and proof of liability insurance on the glove company submitting the request. If using an outside manufacturer, they also need to submit a copy of current business license and proof of liability insurance.
8. Contact person, email and telephone.
9. By submitting your gloves for approval:
  - a. You agree that the gloves will be dissected during the review and approval process
  - b. Further that all samples will be discarded after review

## MMA GLOVE APPROVAL POLICY

### Page Two

- c. Should the Commission require any modifications, for approval, new samples as outlined in #5 must be submitted

Upon receiving **all** the requested information and gloves, the NSAC may schedule a conference call, if more information is needed. The submission of above requirements does not guarantee approval of gloves. The gloves and materials used will be evaluated for safety and quality standards.

Conditional approval of the model of glove can be given if the manufacturer can provide proof that the glove submitted has been successfully used at five different professional shows outside of the State of Nevada.

Conditional approval will be given until the new model of glove has been successfully utilized for undercard professional fights for five different professional shows.

Gloves will be formally approved and posted on the website upon successfully meeting one of the conditional approval processes.
